SUPPLEMENTARY MEDICAL PROTECTION TO FULFILL YOUR COVERAGE GAPS

Round out your protection with comprehensive coverage you can depend on

Many people in Hong Kong enjoy some form of basic medical protection, whether in the form of self-purchased insurance plans or group medical schemes provided by their employer. Nevertheless, the coverage of these medical protections may not be sufficient to cope with inflation of medical expenses and the increasing cost of quality medical treatments, especially if you are struck by major illnesses. Also, most medical plans come with maximum limit for individual benefit items, preventing you from getting the most out of your policy, even in the direst of situations.

This is why you need a supplementary medical protection to rely on.

HOW CAN WE HELP? At Cigna, we understand the best protection is one you can easily access to, when you need it. That is why we designed **Cigna Plus Medical Plan** (hereafter “Plus Medical Plan”) to provide you with up to HK\$1 million in coverage for hospital and surgical expenses. Even for the most complex medical procedures or surgeries, you can claim up to 90% of your expenses when you have met a predetermined deductible of your choice.

The affordable premium also means that you can budget according to your needs, giving you plenty of financial flexibility.

HOW CAN YOU BENEFIT FROM CIGNA PLUS MEDICAL PLAN?

We offer comprehensive coverage of up to HK\$1 million with premium as low as a few dollars a day¹, enabling you to choose more advanced or better medical treatment when you need quality medical services.

Supplement Your Existing Plan With Up to HK\$1 Million in Hospital and Surgical Benefits Per Year

Plus Medical Plan can pay you up to HK\$1 million per year in hospital and surgical benefits. After paying the annual deductible, you can claim up to 90% of your hospital and surgical expenses.

Guaranteed Lifetime Renewal

Once your policy is issued, regardless of your health conditions or claims record, the policy is guaranteed renewable every year as long as the plan is still available.

No Premium Loading Regardless of Claims Record, Health Condition or Occupation Change

We will not increase your premium due to changes in person insured's health conditions, claims records or occupation upon policy renewal.

Worldwide Coverage

We protect you anytime and anywhere. Subject to HK\$1 million maximum limit, you are covered up to 50% of your hospitalization expenses after your annual deductible has been met if the person insured is hospitalized outside Hong Kong.

Instant Coverage without Waiting Period

Once the application for insurance is approved, the protection will take effect immediately.

Remarks:

1. The premium is calculated based on a female non-smoker person insured aged 39 with plan level of ward (plan 3) and annual deductible option of HK\$50,000, excluding any discount.

THE PLAN AT A GLANCE

We designed three protection levels to meet different needs, so you can pick the best plan for your circumstances.

Issue age (at last birthday)	15 days to age 75
Protection period	1 year and guaranteed renewable for lifetime
Premium payment term	Until the end of protection period
Premium payment frequency	Annual / Monthly
Policy currency	HKD

Benefit Schedule (HKD)

The followings are for reference only, please refer to the policy provision and benefit schedule for details.

Hospital and Surgical Benefits - Benefit Calculation

Remarks:

- Deductible refers to the amount of expenses to be borne by the policyholder or the person insured on each policy year, which shall be deducted from the incurred and covered medical expenses during the policy year. The amount of deductible will be split among the amount of actual expenses for the eligible items proportionally.
- The maximum benefit limit for Pre-admission and Post-Hospitalization Outpatient Expenses is HK\$10,000 per policy year. It is applicable to up to 2 pre-admission and 2 post-hospitalization clinic visits which take place within 30 days before the admission or 30 days after discharge.
- Please refer to the benefit calculation formula of Hospital and Surgical Benefits as stated above .
- Please refer to the Important Information for the calculation of adjustment factor.

CASE ILLUSTRATION

The following example is hypothetical and for illustrative purpose only.

Profile

Policyholder **Cathy**

Current age 39 (non-smoker)

Marital status Single

Occupation Senior Graphic Designer at an Advertising Agency

Background Cathy was covered by her employer's group medical scheme. Nevertheless, she felt the coverage was insufficient, so she purchased the Cigna Plus Medical Plan to help her cope with the significant expenses of treating a major illness.

Current plan level Cigna Plus Medical Plan 3 with deductible option of HK\$50,000

Cathy suffered from a Benign Tumor and needed craniotomy surgery and brain tumor excision. She was worried about the high risk and complicated nature of the surgery, as well as the expensive medical bills, which totaled HK\$600,000.

Cathy's group medical policy entitles her to only HK\$42,000 for her medical expenses. Luckily, Cathy enrolled in Ward Level of the Plus Medical Plan (Plan 3) (with the HK\$50,000 deductible option), which helped to relieve her financial burdens arising from her expensive surgery.

How Plus Medical Plan helped Cathy?

For just a few dollars a day, Plus Medical Plan helped Cathy pay more than HK\$490,000 in medical expenses.

Total amount covered (HK\$):

Benefit item	Actual medical expenses incurred	Expenses covered by group medical policy	Calculation of deductible ¹	Deductible	Calculation illustration of expenses covered by Plus Medical Plan	Expenses covered by Plus Medical Plan
Room and Board	\$10,000	\$3,000	$\$8,000 \times (\$7,000 / \$558,000)$	\$100	$(\$10,000 - \$3,100) \times 90\%$	\$6,210
Surgical	\$300,000	\$25,000	$\$8,000 \times (\$275,000 / \$558,000)$	\$3,943	$(\$300,000 - \$28,943) \times 90\%$	\$243,951
Anaesthetist	\$90,000	\$3,000	$\$8,000 \times (\$87,000 / \$558,000)$	\$1,247	i. $(\$90,000 - \$4,247) \times 90\% = \$77,178$ ii. $(\$243,951 \times 35\%) = \$85,382$	\$77,178 ²
Operation Theatre	\$100,000	\$3,000	$\$8,000 \times (\$97,000 / \$558,000)$	\$1,391	i. $(\$100,000 - \$4,391) \times 90\% = \$86,048$ ii. $(\$243,951 \times 35\%) = \$85,382$	\$85,382 ²
Other Medical Expenses	\$90,000	\$4,000	$\$8,000 \times (\$86,000 / \$558,000)$	\$1,233	$(\$90,000 - \$5,233) \times 90\%$	\$76,290
Post-Hospitalization Outpatient Expenses	\$10,000	\$4,000	$\$8,000 \times (\$6,000 / \$558,000)$	\$86	$(\$10,000 - \$4,086) \times 90\%$	\$5,323
Total	\$600,000	\$42,000		\$8,000		\$494,334

Remarks:

- Since Cathy has reimbursed HK\$42,000 from her group medical policy, the remaining deductible amount will be HK\$8,000 (HK\$50,000 minus HK\$42,000). When calculating the deductible amount among each benefit item, Cigna will proportionally split HK\$8,000 for each benefit item in the calculation.

E.g. For Room and Board Benefit, the deductible is calculated as follows:

$\text{HK\$8,000} \times (\text{Actual Room and Board expenses incurred} - \text{Room and Board expenses covered by group medical policy}) / (\text{Total actual medical expenses incurred} - \text{Total expenses covered by group medical policy}) = \text{HK\$8,000} \times (\text{HK\$10,000} - \text{HK\$3,000}) / (\text{HK\$600,000} - \text{HK\$42,000}) = \text{HK\$8,000} \times (\text{HK\$7,000} / \text{HK\$558,000}) = \text{HK\$100}$

- The reimbursement amount of Anaesthetist and Operation Theatre benefits is 90% of the claim after deductible, but the maximum amount is subject to 35% of Surgical Expenses payable.

IMPORTANT INFORMATION

Premium

1. Premium Level

The premium level corresponding to the plan level you select is determined based on the age, sex and smoking habit of the person insured at policy commencement and at the time of renewal upon each anniversary date of the policy.

2. Non-payment of Premium

If you fail to pay the initial premium, your policy will not take effect from the commencement date of your policy. Except for the initial premium payment, there will be a grace period of 1 month after any premium due date. Your policy will remain effective during this grace period. If any premium is not paid at the end of the grace period, your policy will lapse on the premium due date and you will lose the insurance cover.

We will not make any claim payment or any other payment payable under the policy, until we receive payment of all outstanding premium up to the date of the claim payment or when the policy terminates.

3. Mis-statement of Age, Sex or Smoking Habit

If age, sex or smoking habit has been mis-stated by you or any person insured but the relevant person insured would still be eligible for coverage, we have the right to adjust the premiums payable based on the correct information.

4. Premium Adjustment

The company reserves the right to revise the premium of the policy on the anniversary date or upon renewal. Factors leading to premium adjustment may include but are not limited to our experience in claims and expenses incurred by and/or to this product.

Benefits

1. Hospital and Surgical Benefits

In the event of hospital confinement for receiving medically necessary western medicine treatment, the Company will reimburse the actual medical expenses incurred according to the following calculation formula:

{Amount of eligible medical expenses incurred **LESS (-)** (the medical expenses of same hospital confinement is reimbursed by another party or by us under another insurance plan or the deductible (per policy year) under this policy, whichever is the larger)} **TIMES (x)** reimbursement percentage (Hospitalization within Hong Kong: 90%; Hospitalization outside Hong Kong: 50%) **TIMES (x)** adjustment factor in room type confined (if applicable)

Adjustment factor will be applied if the person insured is confined to a higher level of hospital facility than is originally entitled under the policy:

Plan level	Room type confined	Adjustment factor
Semi-Private	Private	50%
Ward	Semi-Private	50%
Ward	Private	25%

The benefit will not be payable for hospitalization in class of suite / VIP / deluxe room of a hospital.

Duplicated Policy

Person insured can only be covered under one single "Cigna Plus Medical Plan Series" policy. The series include "Cigna Plus Medical Plan", "Cigna HealthFirst TopUp Medical Plan", and any other insurance policies that fall under the "Cigna Plus Medical Plan Series" as defined and issued by the Company from time to time.

Renewal

The policy will be effective for an initial period of 12 months and thereafter guaranteed and automatically renewable, for successive periods of 12 months each provided that we continue to issue new policy(ies) under the "Cigna Plus Medical Plan", and upon payment of the premium at time of renewal. The Company reserves the right to revise the terms of the policy and/or the premium and/or benefit schedule upon each renewal.

Termination

1. The policy will be automatically terminated when one of the following happens:
 - the person insured passed away;
 - the policy is not renewed;
 - any premium is not paid at the end of the grace period; and
 - the master policy (i.e. the policy to which the parent or guardian of the person insured belong) is terminated or lapsed, and the plan level and deductible option of child's policy is different from the master policy (applicable to person insured whose age is 17 or below).
2. If there is any fraud, mis-statement or concealment in the application or declaration, or if you or your beneficiary makes a dishonest claim, we have the right to cancel the policy immediately. In such case, all of the premium paid will not be returned and you shall immediately return all payment including claims paid by us under the policy.

Inflation risk

While your current planned benefits will not be adjusted during the policy term, future medical costs may be higher than they are today due to inflation.

KEY EXCLUSIONS

The following list is for reference only. Please refer to the policy provisions for the complete list and details of exclusions.
