

Connect with a doctor whenever you need it

REQUEST A CONSULTATION NOW

Do you have a question for your General Practitioner?

You can request a call back from one of our doctors for non-emergency and general questions. Our medical teams are here for you and your family to discuss any medical concerns 24/7.

Avoid waiting for an appointment with your GP or going to the Emergency Room. Our doctors help with conditions like the flu, allergies, sore throats, sinus problems, skin problems or any other issue for which you would normally go to a GP.

Request the service from wherever you are in the World, on an unlimited basis and at no additional cost.

The service is **easy to use** and allows you to talk to a doctor **securely** and in complete **confidence**. You can talk to us as many times as you wish and for as long as you need.

How does it work?

Request a consultation by calling

English: +352 437 43 4263
German: +352 437 43 4262
French: +352 437 43 4261

The doctor will then contact you by phone

Get medical advice 24/7 in English, French, or German*

*German available from Monday to Friday 8AM-8PM CET (outside of these times your call will be transferred to our English-speaking service)

And for more complex cases...

Request a **Second Medical Opinion** and have your diagnosis and treatment plan reviewed by the best international experts from the comfort of your own home and at no additional cost.
